"The 2018 Cabernet Sauvignon is a terrific introduction to this range from Buehler. Bright and punchy, the 2018 is so expressive, even in the early going. Black cherry, plum, mocha, spice, new leather and mint all race

out of the glass as this beautifully delineated, mid-weight Cabernet shows off its inviting personality. I loved it."

- AG, vinous.com

"This Cabernet's ripe blueberry and blackcurrant scent is distinctly Napa Valley. It fills out with dark plums in the middle, clean and juicy but for the edge of alcohol and smoke, a little rustic, a little elegant." - Wine & Spirits Magazine

"The 2016 Cabernet Sauvignon is cut from the same cloth and offers classic Cabernet dark fruits (it actually has some subtle red fruits as well), plenty of cedar and leafy herbs, medium body, and a delicious, easydrinking, charming style."

- JD, JebDunnuck.com

"Just because you paid \$35 for this wine rather than \$350 doesn't mean you shouldn't treat it to some time in a decanter. With a few hours open, it will transform its rustic scents of sausage, oak and brandied prunes to something fresher, cleaner and impressive for its crunchy red fruit and easy-drinking feel." - Wine & Spirits Magazine

"Buehler's 2016 Cabernet Sauvignon (Napa Valley) is a gracious, mid-weight wine that will, drink nicely upon release. Lavender blueberry, mint and sweet spice are all laced together in this supple, perfumed forthcoming Cabernet Sauvignon."- Antonio Galloni - AG, Vinous

"Very deep garnet-purple colored, the 2016 Cabernet Sauvignon gives up boisterous black cherries and black raspberries scents with touches of red and black currants, spice box and forest floor. Medium to full-bodied and packing in the youthful, uncomplicated black fruits, it has a soft, lively character and appealing vivacity." - LPB, Wine Advocate

 was safely tucked away in the winery once they arrived. Our 2013 Napa Valley Cabernet Sauvignon is crafted from Cabernet Sauvignon grown on our estate hilliside vineyards (30%) in conjunction with grapes from other mature, high-quality, low-yielding Napa Valley vineyards located on the valley floor. Comprised of 91% Cabernet Sauvignon and 9% Merlot, the blend produces a wine that displays a broad spectrum of a romas, flavors, and textures that Cabernet can show in the Napa Valley tempered by the silky, calming influence of a small percentage of Merlot to the structured core. Harvest September 22 through Oct 14 Following a seven-day fermentation, the wine was transferred to barrels before initiating the malolactic fermentation; keeping the wine "dirty" when young greatly increases the impression of roundness and smoothness in the finished wine. The 2013 Napa Valley Cabernet Sauvignon was racked four times in the first year of aging to encourage aromatic and tannin development. It was aged a total of 18 months in a blend of French and American oak barrels. Tasting Notes The wine is brimming with fruit aromas and flavors biased to the black fruit end of the Cabernet spectrum: plums, blackberry, black currant. "The 2010 Cabernet Sauvignon is a light take on Cabernet Sauvignon. It is made from 100% Napa Cabernet, at \$25, even with its modest score, this is a reasonably good value, which tells you how perverted prices have gotten in Northern California, or Shangri-Ia, as some would call it."

"A real steal and one of the greatest sleepers I have tasted from Napa (the Mecca for expensive Cabernet Sauvignons) is Buehler's 2008 Cabernet Sauvignon from their vineyards in Napa Valley. There are only 1,800 cases of this 100% Cabernet Sauvignon, so this offering is likely to disappear quickly from the marketplace. It offers a dark ruby/purple-tinged color, abundant black currant, licorice and smoky tobacco leaf characteristics, medium to full body, a supple, velvety style and impressive purity, texture and length. Consume it over the next 10+ years."

Vintage	season fo of the gro seed tanr With high developm	The 2006 harvest is remembered as the culmination of a generally cool growing season followed by a rather late arrival of harvest activity. The relatively cool nature of the growing season delivered slowly ripened grapes with perfectly mature skin and seed tannins a week into November; the color of the resulting wines is notably dark. With higher acid levels and lower sugar levels at the optimum stage of flavor development, the word, "balance", best describes the overriding theme of the 2006 Cabernet Sauvignon.
