Kettle Valley Winery | Naramata, Okanagan Valley | www.kettlevalleywinery.com

Drawing its name from the Kettle Valley Railway, which traveled through the Naramata area on the east side of Okanagan Lake, the winery opened to the public in 1996. Kettle Valley Winery is known for its dark, intense and well structured red wines, including Pinot Noir, Merlot, Cabernet Sauvignon and blends such as "Old Main Red". Chardonnay has been the main white wine produced, but in recent years Pinot Gris, Gewürztraminer, Semillon and Sauvignon Blanc have also proved popular. They are all flavourful and aromatic, with a rich mouth feel.

Sauternes & Barsac | Bordeaux |

The Sauternes and Barsac appellations lie further south still. They are situated in an area where the interactions of the Garonne and Ciron Rivers cause early morning mists to encourage the white wine grapes to be attacked by the bacteria Botrytis. This brings about what is known as 'noble rot' – a natural process that concentrates the sugar levels in the grapes. When pressed these grapes release the nectar that develops into the famous sweet white wines of Bordeaux. The wines of this region were also classified in 1855 and the most famous and highly ranked of all was Château d'Yquem. Even today its wines stand out as being something extremely special compared to its counterparts.
