Vineyards

Red pebbled limestone. The vineyard is located between the Mediterranean Garrigue and along the Etang de Thau on clay and limestone. Because of its location the vineyard enjoys a micro-climate.

**Vinification/
Maturation**

De-stemming, Crushing, Selection of juices by dripping pneumatic pressure, 8 hours cold settlement. Strict temperature control (16° to 18°C) at fermentation. No malo-lactic fermentation.

Tasting Notes

A succulent Rose from the Rhone, this wine is strawberry dreams and crispy mineral goodness in a tidy little package. A blend of Grenache and Syrah, this wine shows bright strawberry, pomegranate and watermelon rind notes with excellent acidity and focus. Enjoy now and soak up the fruit!

Brilliant rosé color. Notes of raspberry and strawberry, round, and jammy, citrus exit.

Serve with

Will accompany grilled meats, summer salads, pizzas, and everyday fare.

Serve at 10-12°C.

Cellaring

Best enjoyed within the first 1-2 years.
